Due to the use of natural raw materials, dimensions and weights vary within possible tolerances of +/-5%.

The mass in ready-to-drive condition is defined as: mass of the empty vehicle (including on-board tools): diesel tank 90% full, 75 kg (driver's weight), liquid gas bottle 11 L, fresh water tank 20 L, fully filled water boiler.

All prices are recommended retail prices in euros including 19% VAT.

Non-binding recommended prices for special equipment only apply to factory installation or factory delivery. This price list reflects the status at the date of printing (09/2024). Errors and changes reserved.
